- SAM Broadcaster support is up-and-running!

- SHOUTcast 2.0 Beta 1 support is up-and-running!

In Beta 1 of SHOUTcast 2.0 the 7.html file is removed, this file is used by man
(current-song) on the website. The SHOUTrds scripts also use this 7.html, we a
and use the index.html instead.

Keep you posted!
